The Evidence Speaks for Itself

For good reason, law enforcement agencies are embracing video technology as the future of policing. In-car video has become a valuable tool benefiting officers, agencies, and the communities they serve. However, The majority of police activity is away for the car.

Mobile Video and Audio Recorder

PUMA DVR is a small body worn digital video and audio recorder for law enforcement and is the latest addition to the PUMA line-up.

Designed for Police Officers

With the press of a single button, police officers can easily activate the PUMA DVR which provides up to 3 hours of seamless, 30 FPS video and crystal clear audio on a single charge of the built in Li-Battery. All this in a device that easily fits in a uniform pocket.

Easy to use

After recording, your PUMA DVR is simple to download to your PC via Micro SD card reader or supplied USB and your video can easily be viewed on any Windows Media Player.

Easily fits in a uniform pocket.
